

Name: _____

Class: _____

Due: November 3rd, 2017

Math Puzzler 5: "Galactic Math"

Find your way through the Asteroid Labyrinth. Begin your journey at the top. Move along the paths from one circle to the next, performing the operation indicated.

Tally your score as you go. You may never retrace your path or cross over it. When you get to the exit, if your score is 19, you may exit. If not, try again.
